***Ridin' Along in my Automobile . . .***

It's not a Jaguar, but Vicki & Chip Caruana seem to be enjoying their ride down memory lane at the Forney Museum of Transportation in Denver.

The JCSC toured the museum on Saturday, April 14 and were treated to a special exhibit of Chevrolet Corvettes from a very nice 1953 all the way up to a 2011 model.

The Forney Museum also features a permanent collection of vintage motorcycles, old bicycles, antique automobiles (like this delightful older Ford) and a fine collection of steam railroad locomotives and rolling stock and other samples of wheeled transportation (but sadly, no Jaguars).

Other JCSC members in attendance included Jack Humphrey, Jim Clark, Andrew and Norma Miller, Bill & Peggy Dudley, Tom & Donna Miller, Dave and Larenda Hershey and Don and Gary Yowell.

## **April Club Meeting**

The April 17 JCSC meeting was held at Jaguar Colorado Springs. Events for 2012 was the main topic of discussion at this meeting.

May 25 will be the first annual “Rally of the Cats” . All club members should have received information detailing the Rally by now. Please let a Board Member know if you plan to attend so we can reserve seating for the dining event at the conclusion of the rally. There will be a \$5.00 charge per car so we can provide “awards” for the rally winners.

June 17 will be “Father’s Day at the Briarhurst” again this year. This is a nice, leisurely way to spend Father’s Day in a beautiful location with lots of other great cars to gaze upon. If you would like to show your car at the Briarhurst, please let a Board member know so we can arrange parking for the appropriate number of vehicles.

JCSC is planning a Sky Sox baseball game in July, date to be determined.

August 4 is the First Saturday’s Car Show at First and Main (Powers Blvd and South Carefree in front of Dick’s Sporting Goods). The JSCS will be the August sponsor of this event. We will meet at Mimi’s Restaurant for breakfast after the car show concludes around 10:00 A.M. Again, please let a Board member know if you plan to attend so can finalize breakfast reservations.

An overnight drive to Grand Junction to visit the Tammy Allen museum and the Gateway museum is still under discussion.

The subject of “Dinner Meetings” and “Board Meetings” was discussed. We will begin holding social dinner meeting in the near future with club business being reserved for the monthly Board meetings. JCSC Board meetings will continue to be held on the third Tuesday of each Month. Details of upcoming dinner meetings will be forthcoming.

Two amendments to the JCSC By-Laws were approved at the April meeting. All Past Presidents of the JCSC are now official voting Board Members. Automatic progression of the elected Vice-President to the position of Club President each calendar year is now official club policy.

## **Pikes Peak Concours d’Elegance**

Due to a change in venue, the 4th Annual Pikes Peak Concours d’Elegance has been rescheduled from October 5 and 6 to September 28 and 29. The event will be held at the Cheyenne Mountain Resort 3225 Broadmoor Valley Road. An event flyer is being prepared with all the Concour details. Applications and details will also be available soon at [www.jagclub.org](http://www.jagclub.org).

## Catnip

The Jaguar C-X16 Concept will officially become the Jaguar F-Type in 2013. Jaguar has announced they will begin production of the F-Type as the next evolution of their two seat sports cars beginning in 2013. The F-Type will be introduced as a convertible roadster initially with a coupe version soon to follow. Power will come from a supercharged V-6 engine and delivered via an 8 speed automatic transmission.

Jaguar announced at the April 22 Beijing Auto Show that two new engines would join the company line up in the near future. Two versions of the new Supercharged 3.0 liter V-6 engine will be available, one producing 380 horsepower and another producing 340 horsepower. The 380 horsepower engine is slated to be the Jaguar F-Type powerplant. The direct injected supercharged V-6 is a direct engineering descendant of the 5.0 liter direct injected Jaguar V-8 engine currently being produced.

A 240 horsepower turbocharged in-line 4 cylinder engine is also in the works. Applications for the 340 horsepower V-6 and the in-line 4 cylinder have not been announced.

Land Rover has announced a VERY Limited Edition Range Rover Sport GT. They will only produce 400 of these GT versions. A great companion for your cat!

## “Sports Car” Magazine on a Flashdrive!

Sports Car Scan accomplished the monumental task of scanning the magazine “Sports Car” (SCCA publication) from 1944 through 1970. The magazines have been scanned in a high resolution (300 dpi), color PDF format and run through an OCR (optical character recognition) program which makes them completely searchable. Every issue has been scanned from 1944 through 1970 – the “Golden Age of Auto Racing”. Issues include national/local race reports, entry lists, race schedules, photos, ads and feature articles. Everything is copied to a mid-sized USB flashdrive (8GB, PC and Apple compatible) and organized by year and month. This format allows for ease of use and portability. Based on my own knowledge and others who hold high esteem in the industry, the fact this is an entire set and scanned is very desirable and coveted. There is an exclusive licensing and distribution agreement in place with the Sports Car Club of America so there are no copyright violations.

Please take a look at our website at [www.sportscarscan.com](http://www.sportscarscan.com) to see samples of this valuable research tool.

A copy is available for \$325 (a \$50 savings from the retail price). Please let me know if you have an interest and I will send you a discount code.

Chad Struer, Sports Car Scan. Website: [www.sportscarscan.com](http://www.sportscarscan.com). Email: [cs@sportscarscan.com](mailto:cs@sportscarscan.com).
