## From The President

Summer is quickly approaching – a time when many of us take a well-deserved vacation. I have the perfect suggestion in case you have not yet made plans. The Virginia Jaguar Club is hosting the 2013 National Concours d'Elegance Challenge Championship at the beautiful Virginia Center Crossing Golf Resort in Richmond, Virginia on 12-16 June 12-16, 2013. The schedule of events includes a JCNA sanctioned concours, a slalom and a rallye – all on or near the Virginia Center Crossings. Jaguar Cars Chief Designer, Ian Callum, is the keynote speaker and Andy Goss, President of Jaguar Land Rover North America will attend as a special guest. You don't even have to enter a car in any of the events – just come and enjoy the company of fellow Jaguar owners and enthusiasts. I plan on attending and I believe Steve and Deanie Kennedy from the Rocky Mountain Jaguar Club will also be there. Here is the link for additional information and registration: <http://www.jcna2013cc.com/>.

Closer to home ... don't miss the opportunity to see AND DRIVE the new F-Type on Saturday, June 1<sup>st</sup>. Thom Buckley will have the F-Type at the First Saturday Car Show so drag the old Jag out of the garage and join us for a fun morning! In the afternoon, you can drive the car at Jaguar Land Rover of Colorado Springs and I bet Thom will also be happy to take your order and deposit. Get in line while it is short.

You will also see a number of other Jaguar activities and events listed in this issue of Through the Windscreen so don't miss the chance to enjoy your car and spend time with fellow club members. I hope to see you out there.

Until next month – drive it; don't hide it! Best Regards, Jack Humphrey

## April Dinner Meeting

On Saturday night, April 27th, a group of JCSC members dined at the wonderful La Bella Vita Restaurant. Enjoying the exquisite Italian fare were Jim and Eileen Verhey, Gary and Dee Kerkow, Andrew and Norma Miller, Peggy and Bill Dudley, Dave and Larenda Hershey, Mel Perry, and Jack Humphrey.

Jim and Eileen presented Gary and Dee with an absolutely beautiful portrait of the Kerkow's restored 1958 XK - 150. There were as many oohs and ahs over the portrait as there were over the food! It was absolutely a piece of art. Jim and Gary have both agreed that the photo can be used in upcoming brochures and posters for the Pikes Peak Concours D'Elegance, so you'll soon be seeing it. Jim gave us some information on the photographer that did the work. If you want a top quality professional photo of your baby (the one with 4 tires, not the ones with 2 feet....though those that have restored Jags may say the cost is comparable!) these folks do absolutely stunning work.

You can have a sneak peek at their work; the ad on the next page shows Gary's "Papa's Broken Car" **XK - 150**. Gary....it's not broken anymore! What a beauty!

Founded in 1988, Associated Photographics is a full service commercial photographic studio, specializing in producing large, wall size (18x24 and larger) in-studio portraits of classic and collectable automobiles. They have been at the fore-front of the digital imaging revolution providing images for websites and all sorts of digital media.

The vast majority of collector car owners have accumulated numerous snap-shots of their cars. Some have compiled albums of the complete restoration process. However, the one thing most do not have, is a final finished studio photograph: A portrait that shows off the time effort and money that went into that special vehicle. This is where Associated Photographics' specialized skills and 25 years of experience really shine. Instead of hunting through poster bins at car shows, looking for one that looks like the car they own, Associated Photographics provides the opportunity to have a beautiful studio portrait of their very own "pride and joy".

## Pikes Peak Concours D'Elegance 2013

Make sure you mark September 20 and 21st on your calendar for the annual Pikes Peak Concours D'Elegance. Festivities start Friday night September 20, with a lively cocktail party followed by dinner at Villa Restaurant in Palmer Lake. It will be a relaxed and fun way to start the weekend! On Saturday, have that Jaguar shined to the hilt, because the Concours will start at 8 am at Sundance Mountain Lodge in Monument, CO. We'll have a beautiful setting to show your equally beautiful car. After judging, there will be a drive, and that evening we'll have a scrumptious dinner at Sundance, along with the awards banquet and the ever popular auction, with Auctioneer Extraordinaire Thom Buckley.

The Sundance has given us a great room rate, if you wish to stay so you don't have to drive home after the Friday night cocktails and/or the Saturday night dinner, just call the Sundance at 719-481-6000. Offer code for the room rate of \$99.00 per night is **JAG92013**.

## Western States 2014

Tuesday Sept 2 to Saturday Sept 14, 2014

JCSC, along with RMJC, is hosting the 2014 Western States meet at the exquisite Cheyenne Mountain Resort. The week will be filled with banquets, a drive, 2 concours, a rally, a slalom, and more Western fun than you can imagine! Make sure to plan now to attend all the events; it will definitely be a memorable time! As you can imagine, planning a huge event like Western States is quite an undertaking, but the committee is already knee deep in hashing out all the details. If you wish to assist with any aspect of the event, please contact Jack Humphrey or Larenda Hershey.

## JUNE 1: First Saturday's Car Show.

JCSC is the sponsoring club for the June First and Main First Saturday car show. This is a relaxed, fun, early day, and we finish in time that you can do other things....yard work, house work, or just go for a ride in your beautiful car and enjoy what will surely be a pretty day. No need to spit shine the car, just a casual clean up if you wish, show up at 7:30 in front of Dick's Sporting Goods on Powers, enjoy some coffee and pastries from Whole Foods, let folks come and admire your pride and joy. This is a free show, both for individuals showing cars and the public. It will finish about 10 when the shopping center needs their parking lot, **But, hold on - you won't believe what Thom Buckley is offering! We will then go to the Dealership for a potluck and F - TYPE drive!** It's all fun and casual, no judging or getting deductions for that missed speck of dirt on your wheels. Please let us know by **May 29th** if you are coming.

*the Jaguar Club of Southern Colorado*

Starting this month, we are going to do a short feature on a new member in each issue of the JCSC newsletter. Our member for April is Colin Schmeisser.

**1. Please tell us about yourself.**

My partner Rachel and I live in Black Forest, CO. I am the President of the Engineering and Technical Services Business Group for Akima LLC, which is a government contracting company headquartered in Herndon, VA. I grew up in Santa Barbara, CA, attending UCLA and went into the Air Force after graduation. I was in the communications-electronics career field and enjoyed assignments as far ranging as England And Alaska, and many points in between. I retired from the USAF in 1995 and have lived in Colorado ever since. I have two grown kids, a son and a daughter, both of whom live in Iowa. We enjoy outdoor activities here in Colorado such as hiking, camping, fishing and skiing, but my primary hobby is restoring cars.

**2. What is your interest in British sports cars?**

My older brother got me hooked on British cars when I was 10. I would help him work on his cars (Rover, MG, Sprite) in the garage and he taught me about cars and tools. We would go to the SCCA road races in Santa Barbara and I developed a lifelong interest in British cars. My first car was an English Ford Cortina which I rallied and slalomed and I have gone on to won and restore a 1959 Rover, 1960 Bugeye Sprite, 1962 MG Midget, 1972 Jaguar XJ6 and am currently restoring a 1966 MGB. My 1967 Jaguar 420 is next in line for restoration! I have a 3 bay workshop next to my house and do all my own mechanical, body, paint and upholstery work. I enjoy going to vintage racing events and each year I make the annual pilgrimage in August to Monterey CA for the Rolex historic car races and to see the auctions.

**3. Why did you join the Jaguar Club of Southern Colorado?**

I recently acquired the 1967 Jaguar 420 and wanted to meet and get to know other Jaguar enthusiasts. I also know that restoring a top-end car involves establishing a network of reliable sources for parts and services and I knew that I could benefit from the experiences of other local Jaguar owners in finding good technical advice. I also wanted to enjoy the “Jaguar Experience” with social activities, concours and other club activities and to meet friends with similar interests.

**4. What Jaguar(s) do you own and when did you buy it/them?**

I owned an XJ6 when I was stationed in England in the ‘70s and from that experience decided that I wanted to restore a mid to late ‘60s Jaguar sedan. That was intended to be my next car acquisition and project after my MGB was finished. I put some “search filters” in place with Hemmings and e-bay, just to see what the market was like for a MKII, 3.8S or a 420 - - price ranges, availability, etc. I figured I was a year or so away from seriously searching. Then one Saturday last April I got an automatic email from e-bay showing a ‘67 420 for sale in Culpepper, Virginia with all the options I wanted, Jaguar heritage certificate and low miles! It seemed too good to pass up so I talked to the seller, did some research, examined all the pictures he sent and decided to go for it. I put a ridiculously low bid on the car and ended up winning the auction! It has been stored and off the road for several years, but running. I drove it from the transporter into my workshop and now it’s awaiting restoration!

*the Jaguar Club of Southern Colorado*

**5. Why did you buy the Jaguars that you currently own?**

I think the late '60s Jaguars were some of the best motor cars ever built. They had true styling, craftsmanship, good materials and great performance without the constraints of emission controls, heavy safety bumpers, etc. An E-Type would have been my first choice, but those now command prices well out of my range so I began looking for a sedan. The 420 has much of the same running gear of the E-Type but with a comfortable 4-door body style and at a far lower price.

**6. Do you plan on buying any additional Jaguars in the near future?**

If I stumble across an affordable E-Type I'll jump on it!

**7. What do you want to get out of being in the Jaguar Club of Southern Colorado?**

I'm looking forward to the opportunity to make new friends, spend a little time socializing with other Jaguar lovers, swapping technical and restoration tips and to participate in and attend some fun car events!

**8. Is there anything else you would like the club membership to know about you and/or your cars?**

I've always enjoyed the "workshop time" during a restoration as much as finally driving the car. I get great satisfaction from taking a broken down, rusty car and bringing it back to it's glory with my hands. I am a pretty practical person and own a Subaru Forester as a daily driver and a Ford Expedition to do my hauling and towing. I'm always available to give some car advice or lend a hand if someone has an issue with their vehicle.

Did you know that your membership in the Jaguar Club of Southern Colorado entitles you to a 10% discount on parts and service labor at Jaguar Colorado Springs? There are also new car discounts available. For details, ask your sales or service representative at Jaguar Colorado Springs.

## Rocky Mountain Jaguar Club Events.

From our friends in the Rocky Mountain Jaguar Club.....this show is a must see.

Cerebral Palsy Show - 30th Annual Exotic Sports Car Show & Concours d'Elegance!

JCSC Members: RMJC will be at this show and will be hosting lunch! Come join us and bring a side dish and your chairs. This is a laid back fun day strolling around viewing over 500 beautiful exotic cars. No judging is required, only if you wish to compete for a ribbon!

Please register your cars early for the 30<sup>th</sup> Annual Cerebral Palsy Exotic Sports Car Show on Sunday, June 9. CP is expecting a very large turnout due to the selection of Porsche as the Featured Marque, primarily because 2013 is the 50<sup>th</sup> anniversary of the 911. But RMJC Jags will be in the Founders Circle with the Porsches as “Contemporary Cars”, and we have a couple of anniversaries ourselves; the 65<sup>th</sup> anniversary of the XK engine, shown in the XK120 at the London Auto show in 1948, and the 45<sup>th</sup> Anniversary of the XJ design. Cerebral Palsy of Colorado is the chosen charity for the RMJC, and the Club sends a representative to the Car Show planning committee every year. So let's have a great turnout for this fun filled day of cars and charity!

## **Early XK 120 alloy/steel C4075 feeler gauge**

This is a hard to find tool-a double pivot feeler gauge with the correct .006 and .008 blades. This feeler gauge is in concours condition and an absolute necessity for the authentic very early XK 120 tool roll.

This is a complete roll with thr correct Heyco AF open ended spanners and the correct winged tyre gauge for the S3. The vinyl roll is in excellent condition along with the strap.
