If you would like to see the menu and prices, you may go to [www.marigoldcafeandbakery.com](http://www.marigoldcafeandbakery.com) for that information. **April 19** - The club meeting is scheduled to be held at Jaguar Colorado Springs. There is currently no event scheduled for this meeting.

earlier than usual in an attempt to circumvent Mother Nature's watering scheme. We will meet at 9:00 A.M. at Jaguar Colorado Springs (in the wash bay area) where Mike Beyersdoerfer will conduct a presentation of Meguiar's Car Care Products. Mike will be available during our cleaning session and will join us for our pot luck lunch. Please contact Don or Larenda or attend the April 19th JCSC meeting so we can arrange the pot luck luncheon.

**May 17** - The club will tour Jim Verhey's ReinCARnation Auto restoration facilities at 3630 North Stone Avenue. The tour will begin at 6:00 P.M. Details will be finalized at the March meeting.

## **Local Events and Attractions**

The First Saturdays Car Show will begin its second season starting in May and running through October. The show is the first Saturday of each month from 8:00 A.M. to 10:00 A.M. and is held at First and Main (North Power's Blvd at South Carefree Circle) in front of Dick's Sporting Goods.

JCSC's involvement in First Saturdays will be discussed at the March club meeting. We are considering making this a breakfast event for the club.

Last year our club had a great turnout with lots of beautiful cars to look over (not just Jaguars, either!) and great weather, too.

## CATNIP\*

Jaguar North America has a new website available to coincide with the 50th anniversary of the E-Type and also to help track the stunning response world-wide of the Jaguar C-X75 Concept Car. The website, [www.interactivejaguar.com](http://www.interactivejaguar.com) (and it's sister website, [www.interactivelandrover.com](http://www.interactivelandrover.com)) provide ongoing updates of Jaguar (and Land Rover) news items as they occur.

Information gained from the above website includes the news that the C-X75 received the Louis Vuitton Classic Concept Award for 2010 on February 2, 2011 in France.

The 50th Anniversary of the E-Type will be celebrated with a recreation of the introduction of the original E-Type at the Geneva motor show . This will be followed by a celebration of the global unveiling of the E-Type at the New York Auto Show in April echoing the original U.S. debut.

Other E-Type activities include celebrations at the Goodwood Festival of Speed in July and the Goodwood Revival in September, and the Old Timer Grand Prix at the Nurburgring in August. Jaguar will be the featured Marque at the Rolex Monterey Motorsport Reunion (part of the Pebble Beach Concours d'Elegance) in August.

## JAGUAR TO LAUNCH XKR-S AND CELEBRATE 50 YEARS OF E-TYPE IN GENEVA

**MAHWAH, N.J., February 22, 2011** – Jaguar will launch the new Jaguar XKR-S at the Geneva Motor Show on March 1, 2011. With a higher output supercharged V8 engine, revised suspension, and a new aerodynamically driven design, the Jaguar XKR-S expresses the company's long held duality of purpose: GT luxury with incredible performance.

*European Model Shown*

“The XKR-S is a bold and exciting new model for Jaguar,” said Adrian Hallmark, Jaguar’s new Global Brand Director. “We expect to attract both loyal and new Jaguar driving enthusiasts who still want the comfort, opulence and class only a Jaguar can offer, combined with inspirational performance.”

*European Model Shown*

The Jaguar XKR-S produces 550 hp with 502 lb/ft of torque, offers a top speed of 186mph (300km/h), and can accelerate from 0-60mph in 4.2 seconds. Full details, images and video of the Jaguar XKR-S will be released at the Geneva Motor Show press day on March 1, 2011.

In addition to this debut, Jaguar will be marking the 50<sup>th</sup> anniversary of the E-Type with the first in a series of celebrations. Jaguar will be hosting an E-Type celebration at the *Restaurant Hotel du Parc des Eaux-Vives* in Geneva, where the original car was introduced by the marque's founder Sir William Lyons half a century ago.

When launched in 1961, the appeal of E-Type transcended the automotive world. So highly regarded were its' inherent rightness of proportion, stance, and purity of line, it was installed as an exhibit at the Museum of Modern Art in New York City. It remains in their permanent collection to this day.

The influence of the E-Type is still apparent in Jaguar's modern range - products that offer a peerless blend of performance, comfort, cutting-edge technology and award-winning design.

"It is impossible to overstate the impact the E-Type had," said Ian Callum, Jaguar Design Director. "Here was a car that encapsulated the spirit of the revolutionary era it came to symbolize. We're looking forward to celebrating achievement and looking forward with our all-new sports cars in Geneva."
