November Club Dinner - the Airplane Restaurant

JCSC EVENTS FOR 2018

January Fun

We were feeling a bit nostalgic as we scheduled January's dinner. We will be returning (by request) to an old favorite -Fargos Pizza. Dinner will begin at 6:00 P.M. on January 17th in the back party room in the north-east corner on the main floor. The 2018 event calendar will be unveiled following dinner.

On January 20th we will meet at the Colorado Ghost Town Museum, 400 South 21st Street in the old Colorado Midland Railroad shop building. We have reservations for 10:00 A.M. on the 20th (Saturday). Following the museum tour, we will go next door to the Colorado Mountain Brewery in the old Colorado Midland Roundhouse for lunch. The Colorado Mountain Brewery is located at 600 South 21st Street.

In February we will be visiting the Western Museum of Mining and Industry located at 225 NorthGate Road directly east of Interstate 25 in Colorado Springs. We also will be hosting our first quarterly membership meeting at Jack Quinn's Irish Pub in downtown Colorado Springs. After dinner we will have short presentations from our board members and committee chairs. It will be a great opportunity to enjoy dinner and learn more about 2018 plans for your Jaguar club. Comment and suggestions are welcome. The time and date will be announced in the December newsletter and via an emailed notice.

THE JAGUAR CLUB OF NEW MEXICO

The Jaguar Club of New Mexico will conduct their 2018 Concours d'Elegance on Saturday, August 11, 2018 in Santa Fe.

The Concours will be held on the Plaza in Santa Fe on Saturday morning and the Awards Banquet will be held at the La Fonda on Saturday evening.

Lodging arrangements are currently being developed and details will be announced soon. We'll keep you updated.

PRESS RELEASE

STAINLESS STEEL BRAKE HOSES FOR VARIOUS MODELS

SNG Barratt supplies an extensive range of Stainless Steel Brake Hoses which improve braking performance and provide superior resistance to corrosion. Our improved design allows higher temperature operation and longer life. Rubber hoses expand under pressure when the brake pedal is compressed, however with stainless hoses this expansion is virtually non-existent so you get a firmer pedal. Every hose is pressure tested at 4200 psi, and exceeds DOT standards. Burst pressure is 12,550-13,500 psi to meet high speed and high temperature requirement and they have high and low temperature resistance -70°C to +260°C
