XK70 Merchandise

You will have seen that as part of our XK70 celebrations we are producing a range of exclusive merchandise.

This includes a stunning pair of solid silver cufflinks, which are limited to only 70 pairs, released 10 per month until June. These cufflinks have been hugely successful, and we only have 18 pairs still available. If you haven't ordered yet, don't miss your chance - simply contact Sarah on sarah@e-typeclub.com - to be completely fair, requests will be dealt with on a first-come-first-served basis.

There may well be companion pieces on the horizon - we will keep you posted.

... superb displays of Jaguar XKs, E-types and other XK-engined cars both historic and modern, as well as Car Club entries and other historic vehicles. Aiming to gather over 700 XKs together for the event.

Period dress encouraged, but not compulsory!
