## Jaguar Club of Southern Colorado - 2020 Events

2020 has proven to be a major surprise to probably everyone - everywhere! COVID19 reared it's ugly head and put a complete stop to basically everything plus any plans the Event Committee had in the works. For your newsletter editor, major medical issues sidetracked any plans I may have had for this year plus making work on the Club newsletter a supreme challenge. Medical issues have impacted others within the Club as well so perhaps the timing is at least, in some strange manner, somewhat fortuitous.

I have not heard from more than a few members since COVID19 shut things down so I'm not certain of the well being of our group overall. I would really like to hear from the individual members so the Events Committee could get a feel for the interest level within the Club for possible near future events such as the next Quarterly Membership Meeting (Fall Quarter). We may be forced to find new venues for our meetings as many of the restaurants we used to frequent may not survive this business setback.

The bright spot on the horizon is that at least a possibility exists of things returning to some variation of "normal" in the not too distant future. A relaxation in quarantine requirements may allow some event venues to reopen and hopefully we can find some places for the Club members to dine as a group before snow flies and our cars need to be returned to storage for the next winter.

I believe it is too early to begin making plans for any major Club events for this year and possibly even for 2021. Until we know how many businesses survive we will not be in a good position to begin Event planning. The Event committee will attempt to contact as many of the popular event venues as possible later this year or early next year to get a better idea of what is available for Club events.

Due to the lack of any new material, the next few newsletter may be pretty thin. I will attempt to get this vehicle up and running so our members will have something to read and hopefully to revive interest in getting Club events back on track. Member input is ALWAYS welcome (and needed)!
